

Living Vine Ministries

MATTHEW, TAMARA and DAVID YODER

Living Vine Ministries is the Ministry of Matthew, Tamara and David Yoder, who are based out of Attica, Kansas and are associated with Countryside Christian Ministries, Inc. Brother Matthew serves on the board as Director of Evangelism and Sister Tamara is Director of Youth Ministries and is an Administrative Assistant..

Living Vine Ministries is a ministry dedicated to bringing the good news of salvation to the lost. The message of repentance to the backslidden, and the call for discipleship to the Church. The ministry operates out of a 27 foot camper and travels the entire United States. While they do schedule meetings, the desire is to be able to stay in an area as the Holy Spirit directs, thus allowing them to leave knowing they have helped to build up the church, and it's local leaders.

They especially have a heart for teaching discipleship to the Body of Christ and will stay in an area for multiple weeks teaching discipleship, if asked to do so. It should be noted that Brother Matthew and Sister Tamara are servants of the Kingdom of God and not employees. Their heart is that their ministry will never turn into a job, but rather remain a life given to Christ and His mission.

Brother Matthew serves as President of their ministry and has served in the ministry for over seven years, most of the time as a Pastor of a local church. His heart for evangelizing the world, and dream for reaching souls is a direct call from the Lord. He has evangelized throughout Oklahoma for about a year and he and his spouse Tamara, after much prayer decided to take their young son David, and load into a camper, and serve the Lord as Evangelists on a full time basis.

Sister Tamara is without a doubt, one of the most faith filled ministers of Gods Word preaching today. She survived a head on collision in 2002, despite a negative doctors report. While the medics were trying to remove her from the vehicle she was heard quoting the following scripture, "I will live and not die." This powerful faith had led her on a "roller coaster" ride of faith, preaching hope to the hopeless and healing to the sick through her awesome testimony of Gods Goodness.

David Yoder is the only son of Matthew and Tamara and survived the accident also. He is a miracle child indeed, as neither Matthew or Tamara could have children, according to doctors.

David is counted as part of the ministry team as he also has a strong anointing for healing and walks with authority. over the enemy that only Jesus could bring and has a strong call of God upon his life.
